Grant School Gecko Garden check - The Mission Hills Garden Club is pleased to present a check to the Grant School to help with the relocation of the Gecko Garden to which our club has contributed to for many years. Lara Gates, a long time garden club member and Grant School mom approached us two years ago asking if the club would consider a nice donation to help with the garden move which was necessary due to the school's new buildings. The club responded back with a proposition of asking her and other Grant School parents to run the garden walk this past year. Lara accepted the challenge and practically single handedly organized and executed a fabulous walk for us. Congratulations to Lara, Grant School and the Gecko Garden! The check will be presented at the October Grant PTA meeting in the amount of \$11,000.
